

Inspiring the Difference Makers of tomorrow

The illuminate:nextgen Challenge is back

Proudly partnering with

Inspiring the Difference Makers of tomorrow

After a very successful 2017 with 26 programs delivered across Australia and inspiring over 2500 students across almost every single state and territory, we are excited to once again partner with illuminate Education to bring you the next round of the illuminate:nextgen Challenge.

Illuminate:nextgen is a week-long innovation challenge that allows students in years 8 – 10 to experience first-hand what it takes to be an entrepreneur and create your own business.

Facilitated by skilled staff with the support of the local business community and the Chartered Accountants ANZ network, students learn what it takes to start a new business in a week, from developing an idea to pitching for investment to get it off the ground!

Why you and your students should get involved

The illuminate:nextgen Challenge is mapped to national vocational outcomes and fully aligned with the Australian Curriculum at the Years 8, 9 and 10 level.

Not only will your students be given an opportunity to showcase the entrepreneurial skills they have developed in the challenge, but they will also learn useful skills around:

- Working in a collaborative team environment
- Budgeting
- Handling stress
- Planning
- Creativity
- Critical thinking
- Public speaking.

How to register

To register and for more information head to www.younlimitedanz.com/get-connected/illuminate or contact Jed at jed@illuminateeducation.com.au.

We're coming to a place near you
